

## Product Range Overview

--All Products Sourced with REACH from Asia, sorted by CAS No.

Version: 6.5  
Date: 11.11.2020

| No. | Product Name                                      | CAS NO.:                | REACH | Remark |
|-----|---------------------------------------------------|-------------------------|-------|--------|
| 1   | Calcium chloride                                  | 10043-52-4              | Final |        |
| 2   | Benzyl Chloride                                   | 100-44-7                | Final |        |
| 3   | Benzyl Alcohol                                    | 100-51-6                | Final |        |
| 4   | Benzaldehyde                                      | 100-52-7                | Final |        |
| 5   | Triacetin                                         | 102-76-1                | Final |        |
| 6   | Dioctyl Adipate (DOA)                             | 103-23-1                | Final |        |
| 7   | Glycidyl methacrylate (GMA)                       | 106-91-2                | Final |        |
| 8   | Allyl Glycidyl Ether                              | 106-92-3                | Final |        |
| 9   | Vinyl Acetate (VAM)                               | 108-05-4                | Final |        |
| 10  | Maleic Anhydride                                  | 108-31-6                | Final |        |
| 11  | Propylene Carbonate (PC)                          | 108-32-7                | Final |        |
| 12  | Propylene Glycol Methyl Ether Acetate (PMA)       | 108-65-6                | Final |        |
| 13  | Tetrahydrofuran (THF)                             | 109-99-9                | Final |        |
| 14  | Succinic Acid                                     | 110-15-6                | Final |        |
| 15  | N-hexane                                          | 110-54-3                | Final |        |
| 16  | Alkyl Polyglycoside (APG 1214)                    | 110615-47-9             | Final |        |
| 17  | Alkyl Polyglycoside (APG 0814)                    | 110615-47-9/ 68515-73-1 | Final |        |
| 18  | 1,4-butanediol (1,4-BDO)                          | 110-63-4                | Final |        |
| 19  | Methyl Tetrahydrophthalic Anhydride (METHPA)      | 11070-44-3              | Final |        |
| 20  | Morpholine                                        | 110-91-8                | Final |        |
| 21  | Dipropylene glycol dimethyl ether (DMM)           | 111109-77-4             | Final |        |
| 22  | Pentaerythritol                                   | 115-77-5                | Final |        |
| 23  | PI-369                                            | 119313-12-1             | Final | New    |
| 24  | PI-379                                            | 119344-86-4             | Final | New    |
| 25  | Methyl Salicylate                                 | 119-36-8                | Final |        |
| 26  | Benzoin                                           | 119-53-9                | Final |        |
| 27  | Benzophenone (BP)                                 | 119-61-9                | Final |        |
| 28  | Benzyl Benzoate                                   | 120-51-4                | Final |        |
| 29  | Triethylamine                                     | 121-44-8                | Final |        |
| 30  | Adipic Acid                                       | 124-04-9                | Final |        |
| 31  | Neopentyl Glycol (NPG)                            | 126-30-7                | Final |        |
| 32  | Sodium Sulfide                                    | 1313-82-2               | Final |        |
| 33  | Zinc oxide                                        | 1314-13-2               | Final |        |
| 34  | Tris(2-chloropropyl)-phosphate                    | 13674-84-5/1244733-77-4 | Final |        |
| 35  | 3-Aminopropyltrimethoxysilane                     | 13822-56-5              | Final |        |
| 36  | Ethylene Diamine Tetraacetic Acid (EDTA-2Na)      | 139-33-3                | Final |        |
| 37  | Butyl Acrylate                                    | 141-32-2                | Final |        |
| 38  | N-heptane                                         | 142-82-5                | Final |        |
| 39  | Oxalic Acid                                       | 144-62-7                | Final |        |
| 40  | TMPTA                                             | 15625-89-5              | Final |        |
| 41  | DTPMPA                                            | 15827-60-8              | Final |        |
| 42  | 3-(2-Aminoethyl)-3-aminopropyltrimethoxysilane    | 1760-24-3               | Final |        |
| 43  | 2-Methyl-1,3-propanediol (MPO)                    | 2163-42-0               | Final |        |
| 44  | Menthol                                           | 2216-51-5               | Final |        |
| 45  | ATMP.Na5                                          | 2235-43-0               | Final |        |
| 46  | 1,4-Butanediol Diglycidyl Ether                   | 2425-79-8               | Final |        |
| 47  | 2-Ethyl Hexyl Glycidyl Ether                      | 2461-15-6               | Final |        |
| 48  | PI-BDK                                            | 24650-42-8              | Final |        |
| 49  | C12                                               | 25265-77-4/ 77-68-9     | Final |        |
| 50  | 3-Glycidioxypropyltrimethoxysilane                | 2530-83-8               | Final |        |
| 51  | 3-Methacryloxypropyltrimethoxysilane              | 2530-85-0               | Final |        |
| 52  | Polyethylene glycol-8000                          | 25322-68-3              | Final | New    |
| 53  | Methyl Hexahydrophthalic Anhydride (MEHHPA)       | 25550-51-0              | Final |        |
| 54  | Hydroxypropyl acrylate (HPA)                      | 25584-83-2              | Final |        |
| 55  | 1-Ethyl-2-Pyrrolidinone (NEP)                     | 2687-91-4               | Final |        |
| 56  | Optical Brightener CBS-X                          | 27344-41-8              | Final |        |
| 57  | Trimethoxyvinylsilane                             | 2768-02-7               | Final |        |
| 58  | 2-Hydroxypropyl methacrylate (HPMA)               | 27813-02-1              | Final |        |
| 59  | 1,4-Diazabicyclooctane                            | 280-57-9                | Final |        |
| 60  | 1-Hydroxy Ethylidene-1,1-Diphosphonic Acid (HEDP) | 2809-21-4               | Final |        |
| 61  | Tolyltriazole (TTA)                               | 29385-43-1              | Final |        |
| 62  | 3-(2-Aminoethylamino)propyl-dimethoxymethylsilane | 3069-29-2               | Final |        |
| 63  | Trioctyl Trimellitate (TOTM)                      | 3319-31-1               | Final |        |
| 64  | HEDP.Na4                                          | 3794-83-0               | Final |        |

|     |                                                     |                        |       |     |
|-----|-----------------------------------------------------|------------------------|-------|-----|
| 65  | 2-Phosphonobutane-1,2,4-Tricarboxylic Acid (PBTC)   | 37971-36-1             | Final |     |
| 66  | Polyetheramine ES T-403                             | 39423-51-3             | Final |     |
| 67  | Bis-[γ-(triethoxysilyl) propyl] tetrasulfide        | 40372-72-3             | Final |     |
| 68  | TPGDA                                               | 42978-66-5             | Final |     |
| 69  | Nitrilotriacetic Trisodium                          | 5064-31-3              | Final |     |
| 70  | GDLa.Na4                                            | 51981-21-6             | Final |     |
| 71  | Bronopol                                            | 52-51-7                | Final |     |
| 72  | 2-Phenyl-2-imidazoline pyromellitate (HC68)         | 54553-90-1             | Final |     |
| 73  | DPGDA                                               | 57472-68-1             | Final |     |
| 74  | Propylene Glycol (PG)                               | 57-55-6                | Final |     |
| 75  | Isobornyl acrylate (IBOA)                           | 5888-35-5              | Final |     |
| 76  | Guanidine Carbonate                                 | 593-85-1               | Final | New |
| 77  | 1,6-hexanediol (1,6-HDO)                            | 629-11-8               | Final |     |
| 78  | N,N,N',N'-Tetrakis (β-hydroxyethyl) Adipamide (HAA) | 6334-25-4              | Final |     |
| 79  | Ethylene Diamine Tetraacetic Acid (EDTA-4Na)        | 64-02-8                | Final |     |
| 80  | Amino Trimethylene Phosphonic Acid (ATMP)           | 6419-19-8              | Final |     |
| 81  | Polyetheramine ES T-5000                            | 64852-22-8             | Final |     |
| 82  | Benzoic Acid                                        | 65-85-0                | Final |     |
| 83  | Isopropyl Alcohol (IPA)                             | 67-63-0                | Final |     |
| 84  | Dimethyl sulfoxide (DMSO)                           | 67-68-5                | Final |     |
| 85  | N,N-Dimethylformamide (DMF)                         | 68-12-2                | Final |     |
| 86  | DTPMP.Na7                                           | 68155-78-2/ 22042-96-2 | Final |     |
| 87  | C16                                                 | 6846-50-0              | Final |     |
| 88  | Diethyl methyl benzene diamine (DETDA)              | 68479-98-1             | Final |     |
| 89  | Alkyl Polyglycoside (APG 0810)                      | 68515-73-1             | Final |     |
| 90  | Alkyl Polyglycoside (APG 0810N)                     | 68515-73-1             | Final |     |
| 91  | Alkyl Polyglycoside (APG 225N)                      | 68515-73-1             | Final |     |
| 92  | C12-C14 Alkyl Glycidyl Ether (AGE)                  | 68609-97-2             | Final |     |
| 93  | MACM (DMDC)                                         | 6864-37-5              | Final |     |
| 94  | Salicylic Acid                                      | 69-72-7                | Final |     |
| 95  | PI-1173                                             | 7473-98-5              | Final |     |
| 96  | IBOMA (Isobornyl methacrylate)                      | 7534-94-3              | Final |     |
| 97  | PI-TPO                                              | 75980-60-8             | Final |     |
| 98  | Hydrophilic Fumed Silica 150/ 200/ 300/ 380         | 7631-86-9              | Final |     |
| 99  | Hydrophobic Fumed Silica R202/812/8200/972/974      | 7631-86-9              | Final |     |
| 100 | Ethyl 3-Ethoxypropionate (EEP)                      | 763-69-9               | Final |     |
| 101 | Phosphoric Acid                                     | 7664-38-2              | Final |     |
| 102 | Sodium Chlorite                                     | 7758-19-2              | Final |     |
| 103 | Sodium thiosulfate                                  | 7772-98-7              | Final |     |
| 104 | Acetyl Tributyl Citrate (ATBC)                      | 77-90-7                | Final |     |
| 105 | Trimethylolpropane (TMP)                            | 77-99-6                | Final |     |
| 106 | Tetraethyl Orthosilicate                            | 78-10-4                | Final |     |
| 107 | Acrylic Acid                                        | 79-10-7                | Final |     |
| 108 | Methacrylic acid (MAA)                              | 79-41-4                | Final |     |
| 109 | Paraffin waxes and Hydrocarbon waxes                | 8002-74-2              | Final |     |
| 110 | 2-Hydroxyethyl acrylate (HEA)                       | 818-61-1               | Final |     |
| 111 | PI-DETX                                             | 82799-44-8             | Final |     |
| 112 | 2-Ethylanthraquinone                                | 84-51-5                | Final |     |
| 113 | Hexahydrophthalic Anhydride (HHPA)                  | 85-42-7                | Final |     |
| 114 | 2-Hydroxyethyl methacrylate (HEMA)                  | 868-77-9               | Final |     |
| 115 | N-Methyl Pyrrolidone (NMP)                          | 872-50-4               | Final |     |
| 116 | Polyvinyl alcohol (PVA)                             | 9002-89-5              | Final |     |
| 117 | Levelling agent HL988                               | 9003-49-0/ 7631-86-9   | Final |     |
| 118 | Polyetheramine ES D-2000                            | 9046-10-0              | Final |     |
| 119 | Polyetheramine ES D-230                             | 9046-10-0              | Final |     |
| 120 | Polyetheramine ES D-400                             | 9046-10-0              | Final |     |
| 121 | 3-Aminopropyltriethoxysilane                        | 919-30-2               | Final |     |
| 122 | Diglycolamine                                       | 929-06-6               | Final |     |
| 123 | 1,6-Hexanediol Diglycidyl Ether (1,6-HDGE)          | 933999-84-9            | Final |     |
| 124 | Tetrahydrophthalic Anhydride (THPA)                 | 935-79-5               | Final |     |
| 125 | PI-184                                              | 947-19-3               | Final |     |
| 126 | Benzotriazole (BTA)                                 | 95-14-7                | Final |     |
| 127 | Dibasic Ester (DBE)                                 | 95481-62-2             | Final |     |
| 128 | Methyl Ethyl Ketoxime (MEKO)                        | 96-29-7                | Final |     |
| 129 | Gamma-butyrolactone (GBL)                           | 96-48-0                | Final |     |
| 130 | Itaconic Acid                                       | 97-65-4                | Final |     |
